The Eclissi™ Bath Collection is inspired by the astronomical phenomenon when our two planetary luminaries align. Eclissi, Italian for eclipse, projects a clean, modern beauty. The subtle curve of the neck is accompanied by handles with inner and outer circles emulating the meeting of the sun and moon. Each circle is available in a choice of four finishes, with 16 design possibilities for a bespoke approach to match personal style. A choice of two spout designs adds to the stellar options. Unlike their celestial inspiration, these faucets are never obscured; instead they're designed to shine in whatever space they make their own.
